12	x	y	z	{		}	~	del		

The digits at the left of the table are the left digits of the decimal equivalents (0–127) of the character codes, and the digits at the top of the table are the right digits of the character codes. For example, the character code for “F” is 70, and the character code for “&” is 38. For the complete Unicode character set, see <https://unicode.org/charts/>.
